virtual General Meeting pursuant to section 118a para. 1 sentence 1 of the German Stock Corporation Act (Aktiengesetz, AktG)¹.

Shareholders or their proxies (with the exception of the Company-appointed proxies) are excluded from being physically present at the place of the General Meeting.

The shareholders are entitled, amongst others, to the following rights:

1. Requests to have items added to the agenda – art. 56 sentence 2 and sentence 3 of the SE Regulation, section 50 para. 2 SEAG, section 122 para. 2 AktG

Pursuant to art. 56 sentence 2 and sentence 3 of the Council Regulation (EC) No 2157/2001 of 8 October 2001 on the statute for a European stock company (SE) (SE Regulation), section 50 para. 2 German SE implementation act (*SE-Ausführungsgesetz* – SEAG), section 122 para. 2 AktG shareholders whose shares amount in aggregate to one twentieth of the share capital or represent an amount of the share capital corresponding to € 500,000 (the latter amount equaling 500,000 shares in Uniper SE) may request that items are added to the agenda and published.

Any new item has to be accompanied by a statement of reason or a resolution proposal. The request has to be addressed in writing to the Management Board of the Company and has to be received by the Company at least 30 days prior to the General Meeting of the Company, i.e. **by no later than the end of 19 April 2026**. The minimum holding period of 90 days applicable to shareholders of a German stock corporation does not apply to the shareholders of a SE. Any request to have items added to the agenda is to be sent to the following address:

In addition, they will be published online at

2. Counter-motions and election proposals as well as motions – section 118a para. 1 sentence 2 no. 3,

section 126 paras 1 and 4, section 127, section 130a para. 5 sentence 3, para. 6 AktG

Shareholders have the opportunity to submit counter-motions against proposals of the Management Board and/or Supervisory Board on specific items of the agenda as well as election proposals for any election of Supervisory Board members and/or auditors to the Company prior to the General Meeting in line with section 126 para. 1 and section 127 AktG. The Company will publish any counter-motions and election proposals on the Company's website provided the relevant statutory provisions are met.

If counter-motions and election proposals are to be published in advance by Uniper SE in accordance with section 126 paras 1 to 3 and section 127 AktG, they must be sent to the following address or e-mail address **by no later than the end of 5 May 2026**:

**Uniper SE
– Vorstand –
Holzstraße 6
40221 Düsseldorf
Germany
gegenantraege@uniper.energy**

The Company will make available counter-motions and election proposals received by the Company at the above address or e-mail address **by no later than the end of 5 May 2026**, including the name of the shareholder, any statement of reasons and any statement by the management, without undue delay on the Company's website at

www.uniper.energy/gm.

The Management Board and the Supervisory Board reserve the right to comment on counter-motions and election proposals during the General Meeting. Counter-motions and election proposals which are sent to a different address will not be considered. In addition, the Company may refrain from publication in whole or in part if certain further requirements specified in more detail in section 126 paras 1 to 3 or section 127 AktG are fulfilled or may summarize counter-motions or election proposals and their statements of reason. No statement of reason is required at least in case of an election proposal. Election proposals for election to the Supervisory Board have to include the name, current profession and place of residence of the proposed person as well as his/her membership on other supervisory boards to be established pursuant to statutory provisions in Germany. The relevant information, including the name of the shareholder, any statement of reason to be made accessible, mandatory information pursuant to section 127 sentence 4 AktG and any statement by the management, will be published on the internet at

www.uniper.energy/gm.

Pursuant to section 126 para. 4 AktG, motions or election proposals from shareholders which have to be made available in accordance with section 126 paras 1 to 3 or section 127 AktG are deemed to have been submitted at the time of being made available. The voting right can be exercised in respect of the motion or election proposal via the password-protected online service once shareholders are able to demonstrate compliance with

the legal or statutory requirements for exercising the voting right, i.e. if the requirements specified in section III.3. of the invitation to the General Meeting regarding the registration for the General Meeting have been met. If the shareholder submitting the motion or election proposal has not been duly legitimised and registered for the General Meeting, the motion does not have to be discussed at the meeting.

The right of the chairman of the meeting to have the management proposals voted on first remains unaffected. If the management proposals are accepted with the necessary majority, any related counter-motions or

(deviating) election proposals are deemed obsolete.

In addition, shareholders and their proxies who are electronically connected to the meeting may also submit motions and election proposals to the meeting via video link using the password-protected online service (see also section III.9.d. of the invitation to the General Meeting).

The underlying legal provisions read as follows:

Section 118a AktG Virtual general meeting (excerpt)

Section 126 AktG Motions by shareholders

(1) Motions by shareholders, including the shareholder's name, supporting information and, if any, management's discussion shall be made accessible to the eligible persons referred to in section 125 para. 1 through para. 3, subject to the conditions specified therein, provided that the shareholder has submitted at least 14 days prior to the meeting a counterproposal to a proposal of the management board and the supervisory board regarding a specific item on the agenda, together with supporting information, to the address designated for this purpose in the general meeting notice. The day of receipt shall not be counted. In the case of listed companies, the required accessibility shall be provided via the Internet website of the company. Section 125 para. 3 shall apply mutatis mutandis.

(2) A counterproposal and supporting information need not be made accessible

1. insofar as the management board would by reason of such accessibility become criminally liable;
2. if the counterproposal would result in a resolution of the general meeting that would be illegal or would violate the articles of association;
3. if the reasons contain statements which are manifestly false or misleading in material respects or which are libelous;
4. if a counterproposal of such shareholder based on the same facts has already been made accessible pursuant to section 125 for the purpose of a general meeting of the company;
5. if the same counterproposal of such shareholder based on essentially identical supporting information has already been made available pursuant to section 125 to at least two general meetings of the company within the past five years and at such general meetings less than one-twentieth of the subscribed capital represented has voted in favor of such counterproposal;
6. if the shareholder indicates that he/she will neither attend nor be represented at the general meeting; or
7. if within the past two years at two general meetings the shareholder has failed to make or cause to be made on his/her behalf a counterproposal communicated by him/her.

The supporting information need not be made accessible if it exceeds a total of 5,000 characters.

(3) If several shareholders make counterproposals for resolution in respect of the same subject matter, the management board may combine such counterproposals and the respective supporting information.

(4) In the case of a virtual general meeting, motions that are to be made accessible in accordance with paras 1 to 3 are deemed to have been made at the time they were made accessible. The company must enable voting rights on these motions to be exercised as soon as the shareholders can prove that the legal or statutory requirements for exercising the voting right have been met. If the shareholder submitting the application has not been duly legitimated and, if registration is required, has not been duly registered for the general meeting, the motion need not be addressed at the meeting.

Section 127 AktG Election nominations by shareholders (excerpt)

Section 126 shall apply mutatis mutandis to a nomination by a shareholder for the election of members of the supervisory board or external auditors. No reasons need to be specified for the nomination, nor does the management board need to give notice of such a nomination if it fails to contain the particulars required by section 124 para. 3 sentence 4 and section 125 para. 1 sentence 5. 1. to the intermediaries holding shares of the company in custody,
2. to the shareholders and intermediaries who requested the notification, and
3. the associations of shareholders who have requested the notification or who have exercised voting rights at the last general meeting.

The day of the notification shall not be included in the calculation. If the agenda is to be amended pursuant to section 122 para. 2, the amended agenda must be communicated in the case of listed companies. The notification must include information on the options of exercising voting rights by proxy, including by shareholders' associations. In the case of listed companies, any proposal for the election of supervisory board members must include information on their membership of any other supervisory boards that are required to be set up by law; information on their membership of comparable domestic and foreign supervisory bodies of commercial enterprises should be attached.

(2) The management board of a company which has issued registered shares must issue the same notification to those shareholders entered in the share register at the beginning of the 21st day prior the general meeting as well as to the shareholders and intermediaries who have requested the notification and to the shareholders' associations who have requested the notification or who exercised voting rights at the last general meeting.

(3) Each member of the supervisory board may request that the management board send them the same notifications.

www.uniper.energy/gm-service.

Statements that were not submitted by a shareholder who is duly registered for the virtual General Meeting, which comprise more than 10,000 characters (including spaces) or where a case as provided for in section 130a para. 3 sentence 4 in conjunction with section 126 para. 2 sentence 1 no. 1, no. 3 or no. 6 AktG applies will not be made available.

Any shareholder statements that were duly submitted on time and are to be made available will be published in the language in which they were submitted, together with any management statement, by **no later than the end of 15 May 2026**, via the password-protected online service accessible on the Company's website at

www.uniper.energy/gm-service

for all shareholders and their proxies registered for the General Meeting.

The opportunity to submit statements does not constitute an opportunity to submit questions in advance pursuant to section 131 para. 1a AktG; motions, election proposals, questions and objections to General Meeting resolutions included in the submitted statements will not be taken into account at the General Meeting; motions and election proposals can be submitted, the right to request information asserted and objections filed against General Meeting resolutions only using the methods specifically described in the invitation to the General Meeting.

4. Right to speak – sections 118a para. 1 sentence 2 no. 7 and 130a paras 5 and 6 AktG

Shareholders or their proxies who are electronically connected to the General Meeting will be granted a right to speak via video link in order to address the General Meeting.

The request to speak can be registered from the beginning of the meeting via the password-protected online service. No other manner of submitting questions by way of electronic or other communication, either before or during the General Meeting,

has been provided for. The chairman of the meeting will explain the procedure for addressing the General Meeting and giving speakers the floor in more detail at the General Meeting.

Pursuant to section 19 para. 3 sentence 1 of the Company's Articles of Association, reasonable time restrictions may be applied by the chairman to the shareholders' right to ask questions, submit enquiries and speak at the General Meeting. The chairman is in particular entitled, pursuant to section 19 para. 3 sentence 1 of the Company's Articles of Association, to determine a reasonable time frame for the course of the meeting as well as for the discussion of the items on the agenda and for the individual enquiries and speeches at the beginning of the General Meeting or during its course.

The Company reserves the right to test the functionality of the video link, i.e. the audiovisual transmission between the shareholder and the Company, in the General Meeting and prior to the shareholder addressing the General Meeting and to refuse to allow them to speak if functionality cannot be guaranteed. For the purposes of video communication, shareholders should therefore have a web-enabled device with a camera and microphone and a stable internet connection. Section 1 para. 2 sentence 2 shall apply *mutatis mutandis*.

(6) The company may reserve the right in the invitation to test the functionality of the video communication between the shareholder and the company during the meeting and prior to the speech and to refuse to allow them to speak if the functionality cannot be guaranteed.

Section 131 AktG Right of shareholders to information (excerpt)

(1) Each shareholder shall upon request be provided with information at the general meeting by the management board regarding the company's affairs, to the extent that such information is necessary to allow for a proper evaluation of the relevant item on the agenda. The duty to provide information shall also extend to the company's legal and business relations with any affiliated enterprise. If a company makes use of the simplified procedure pursuant to section 266 para. 1 sentence 3, section 276 or section 288 of the German Commercial Code, each shareholder may request that the annual financial statements be

presented to them at the general meeting on such annual financial statements in the form that would have been used if such simplifications had not been applied. The duty of the management board of a parent company (section 290 para. 1 and para. 2 of the German Commercial Code) to provide information at the general meeting to which the consolidated financial statements and group management report are presented also extends to the situation of the group as a whole and the entities included in the consolidated financial statements.

(...)

(2) (...) The articles of association or the rules of procedure pursuant to section 129 may authorize the chairman of the meeting to reasonably limit a shareholder's time to speak and ask questions and may provide relevant details in this respect.

The underlying provisions of the Company's articles of association read as follows:

Section 19 of the Articles of Association of Uniper SE (excerpt)

(...)

(3) The Chairman of the General Meeting may reasonably restrict, in terms of time, the right of shareholders to put questions and to speak. At the beginning or in the course of the General Meeting, he may, in particular, determine an appropriate framework, in terms of time, for both the course of the General Meeting and the discussion on individual items on the agenda as well as for individual questions and speaking contributions. In determining the time available for the individual questions and speaking contributions, the Chairman of the General Meeting may distinguish between first and repeated contributions and in accordance with further appropriate criteria.

5. Right to request information – sections 118a para. 1 sentence 2 no. 4, and sections 131 and 130a para. 5 sentence 3 and para. 6 AktG

Pursuant to section 118a para. 1 sentence 2 no. 4 and section 131 AktG, any shareholder or proxy who is electronically connected to the General Meeting must, on request, be given information by the Management Board on the Company's affairs, as well as on the legal and business relationships of Uniper SE with affiliates and on the situation of the group as a whole and the entities included in the consolidated financial statements, at the General Meeting, provided such information is necessary in order to make an informed judgement on an agenda item and the Management Board does not have a right to refuse to disclose such information.

Pursuant to section 19 para. 3 sentence 1 of the Company's Articles of Association, reasonable time restrictions may be applied by the chairman to the shareholders' right to ask questions and speak at the General Meeting. The chairman is in particular entitled, pursuant to section 19 para. 3 sentence 1 of the Company's Articles of

Association, to determine a reasonable time frame for the course of the meeting as well as for the discussion of the items on the agenda and for the individual enquiries and speeches at the beginning of the General Meeting or during its course.

It is intended that the chairman will order, in line with section 131 para. 1f AktG, that all types of rights to request information pursuant to section 131 para. 1 AktG may be exercised at the General Meeting only via video link using the password-protected online service, i.e. in the context of the right to speak (see also section III.9.d. of the invitation to the General Meeting). No other submission of questions by way of electronic or other communication is provided for, neither before nor during the General Meeting.

The Management Board may refuse to disclose information citing the grounds set out in section 131 para. 3

AktG, in particular if the information was continuously available on the Company's website for at least seven days prior to the General Meeting and is continuously available at the General Meeting itself.

If information has been disclosed to a shareholder outside the General Meeting by reason of their status as a shareholder, such information must also be disclosed to any other shareholder at the General Meeting upon request, even if such information is not necessary in order to make an informed judgement in respect of the agenda item (section 131 para. 4 sentence 1 AktG). In the context of the General Meeting it will thus be ensured that shareholders or their proxies who are attending the General Meeting online can submit their requests via electronic communication using the password-protected online service on the Company's website at

www.uniper.energy/gm-service

in line with the relevant General Meeting procedure.

If a shareholder has been denied information, the shareholder may request that his/her question and the reason why the information was denied be set down in the record of the General Meeting (section 131 para. 5 sentence 1 AktG). Shareholders attending the General Meeting online may communicate their requests to the Company during the General Meeting via electronic communication using the password-protected online service on the Company's website at

www.uniper.energy/gm-service

in line with the relevant procedure. The information contained in section III.3. of the invitation to the General Meeting should be noted in the context of accessing the password-protected online service.

The underlying legal provisions read as follows:

Section 118a AktG Virtual general meeting (excerpt)

(1) (...) If a virtual general meeting is held, the following requirements must be met:

(...)

4. the shareholders are granted a right to information in accordance with section 131 by means of electronic communication,

Section 131 AktG Right of shareholders to information (excerpt)

(1) Each shareholder shall upon request be provided with information at the general meeting by the management board regarding the company's affairs, to the extent that such information is necessary to allow for a proper evaluation of the relevant item on the agenda. The duty to provide information shall also extend to the company's legal and business relations with any affiliated enterprise. If a company makes use of the simplified procedure pursuant to section 266 para. 1 sentence 3, section 276 or section 288 of the German commercial code, each shareholder may request that the annual financial statements be presented to him at the general meeting on such annual financial statements in the form that would have been used if such simplifications had not been applied. The duty of the management board of a parent company (section 290 para. 1 and para. 2 of the German commercial code) to provide information at the general meeting to which the consolidated financial statements and group management report are presented also extends to the consolidated group's situation and the affiliated enterprises included in the consolidated financial statements.

(...)

(1d) Every shareholder who is electronically connected to the meeting must be granted the right to ask questions about all the answers given by the management board before and during the meeting by means of electronic communication. Para. 2 sentence 2 also applies to the right to ask follow-up questions.

(...)

(1f) The chairman of the meeting can specify that the right to information pursuant to para. 1, the right to ask follow-up questions pursuant to para. 1d and the right to ask questions pursuant to para. 1e may only be exercised at the general meeting by way of video communication.

(2) The information provided shall comply with the principles of conscientious and accurate accounting. The articles of association or the bylaws pursuant to section 129 may authorize the chairman of the meeting to reasonably limit a shareholder's time to speak and ask questions and may provide relevant details in this respect.

(3) The management board may refuse to provide information:

1. to the extent that providing such information is, according to sound business judgement, likely to cause a not inconsiderable disadvantage to the company or an affiliated enterprise;
2. to the extent that such information relates to tax valuations or the amount of certain taxes;
3. with regard to the difference between the value at which items are shown in the annual balance sheet and the higher market value of such items, unless the general meeting is to approve the annual financial statements;
4. with regard to the methods of accounting and valuation, if disclosure of such methods in the notes suffices to provide a true and fair view of the actual condition of the company's assets, financial position and profitability within the meaning of section 264 para. 2 of the German commercial code; the foregoing shall not apply if the shareholders meeting is to approve the annual financial statements;
5. insofar as the provision of such information would render the management board criminally liable;
6. insofar as, in the case of a credit institution, a financial services institution or a securities institution, information need not be provided on the methods of accounting and valuation applied and setoffs made in the annual financial statements, management report, consolidated financial statements or group management report;
7. if the information is continuously accessible on the Internet page of the company for at least seven days prior to the beginning and during the general meeting.

The provision of information may not be refused for other reasons.

(4) If information has been provided to a shareholder by reason of his/her status as a shareholder outside a general meeting, such information shall upon request be provided to any other shareholder at the general meeting, even if such information is not necessary to permit a proper evaluation of an item on the agenda. In the case of a virtual general shareholders' meeting, it must be ensured that every shareholder electronically connected to the meeting can submit their request in accordance with the sentence 1 by means of electronic communication. The management board may not refuse to provide such information on the grounds of para. 3 sentence 1, no. 1 through 4. Sentences 1 to 3 shall not apply if a subsidiary (section 290 para. 1 and para. 2 of the German commercial code), a joint venture (section 310 para. 1 of the German commercial code) or an associated company (section 311 para. 1 of the German commercial code) provides information to a parent company (section 290 para. 1 and para. 2 of the German commercial code) for the purpose of inclusion of the company in the consolidated financial statements of the parent company and such information is needed for such purpose.

(5) If a shareholder has been denied information, such shareholder may request that their question and the reason for which the information was denied be recorded in the minutes of the meeting. In the case of a virtual general meeting, it must be ensured that every shareholder attending the meeting online can submit their request in accordance with sentence 1 via electronic communication.
