

Joint Press Release
July 15, 2022

The Fuel Company customers are now able to make cashless payments at LIQVIS LNG filling stations in Germany

Every owner of a TFC Card can now benefit from access to the growing LIQVIS infrastructure network and can fill up their trucks at the LNG filling stations in Germany.

LIQVIS and The Fuel Company are pleased to have gained each other as a strong partner. Both companies are united by the common goal of providing our customers with an extensive and reliable network of LNG filling stations. The Fuel Company is pleased to start its partnership with LIQVIS by adding its infrastructure to the company's network of gas filling stations in Europe. The new agreement means that The Fuel Company will increase its offer with a new strategically located network. It is a pleasure for the company to collaborate with an industry leading partner such as LIQVIS.

This partnership is an example of our common commitment to provide more logistics companies access to an international LNG filling station network beyond the high traffic country of transit Germany. LIQVIS is excited to be working with The Fuel Company.

Uniper subsidiary LIQVIS has been operating LNG filling stations since 2017. These are located at strategic transport hubs that serve a particularly high volume of trucks, such as Bad Honnef, Berlin, Bönen, Gotha, Hamburg, Hannover, Kassel, Magdeburg and Ulm. This year LIQVIS stations will also be commissioned in Leipzig, Alsfeld and Salzbergen. By establishing strategic partnerships for purchasing BIO-LNG from sustainable sources, Liqvis is also setting the course for CO₂-neutral heavy duty logistics. In 2023 Liqvis will offer first BIO-LNG quantities as an alternative fuel for heavy duty trucks at its LNG filling stations in Germany.

About LIQVIS

As a wholly owned subsidiary of Uniper SE, LIQVIS builds and operates a demand-driven infrastructure for LNG in heavy-duty transport. Founded in 2015, Liqvis has been operating LNG refueling stations at strategic transport hubs with particularly high truck volumes since 2017. To meet the increasing demand for this alternative fuel, systematic expansion of the German LNG filling station infrastructure is planned for the coming years.

About The Fuel Company

Using the TFC card, you save time and money by fueling at over 8.000 fuel stations in 18 European countries. In addition to the fuel card, The Fuel Company offers convenient toll solutions and can reclaim international

VAT and excise duties. You can also use the TFC card for road services such as truck washing, parking or repair services. The Fuel Company, it's our business to fuel yours!
