

Asset Portfolio

Power generation assets operated and gas storage assets marketed by Uniper as of 31 December 2018

- Coal plant
- Gas/Oil plant
- Nuclear plant
- Hydro (run-of-river plant group)
- Hydro (storage or pumped storage plant)
- Biomass plant
- Photovoltaic park
- Wind farm
- Gas storage (cavern)
- Gas storage (porous rock)
- Power-to-gas
- Not in operation

Generation capacity by country (accounting view)

in GW	Gas	Coal	Hydro	Oil	Nuclear	Other
